

LEWEI XU

Hamersley, WA | 0406 959 116 | leweixu@gmail.com

SUMMARY

Reliable professional with hands-on experience across data management, IT systems, software development, administrative support, and customer-facing roles. Highly organised and detail-oriented, with a proven ability to quickly learn new systems, processes, and technologies. Comfortable working independently or as part of a team, and skilled at managing competing priorities while maintaining accuracy and efficiency. Currently undertaking research at the University of Western Australia.

WORK EXPERIENCE

HARVEY ABORIGINAL CORPORATION

IT & Data Systems Intern

Harvey, WA

Nov 2025 – Dec 2025

- Designed and implemented new data and IT systems across the organisation
- Supported upgrades to software and hardware to improve reliability and efficiency
- Worked directly with staff to understand needs and provide practical system solutions

UWA BUSINESS SCHOOL

Full Stack Developer

Nedlands, WA

Jun 2025 – Nov 2025

- Developed and deployed a complete software solution for an external client as part of an agile project team
- Built front-end components using HTML, CSS, and JavaScript
- Developed back-end services using Python (FastAPI) and SQLite
- Used Git for version control and collaborative development
- Deployed and maintained the application on AWS EC2

AUSTRALIAN DEPARTMENT OF HEALTH

Data Scientist Intern

East Perth, WA

Jun 2025 – Nov 2025

- Contributed to data-driven projects, including the development of synthetic datasets for public use
- Applied machine learning techniques to analyse and model hospital wait times
- Conducted data analysis using Python and R
- Heavy use of data science libraries including Pandas, Numpy, Scikit-learn, Matplotlib, Seaborn and Plotly
- Used Microsoft DevOps and Git to support version control and project workflows

BANKSIA GROVE NEWSAGENCY

Manager

Banksia Grove, WA

May 2023 – Jan 2026

- Managed daily store operations, including staff rostering and shift coordination
- Responsible for cash handling, daily and weekly till balancing, and end-of-day reporting
- Monitored stock levels and placed orders to maintain appropriate inventory
- Delivered consistent, high-quality customer service in a front-facing role

HUNGRY JACK'S GLENGARRY

Closing Crew

Glengarry, WA

Jan 2025 - Sep 2025

- Completed end-of-day closing procedures in accordance with operational standards
- Maintained cleanliness of kitchen and front-of-house areas, including equipment and workspaces
- Supported food preparation and order fulfilment during service periods
- Ensured all closing tasks were completed after operating hours

CAMPION EDUCATION MALAGA

Packing Team Leader

Malaga, WA

Nov 2022 - Feb 2023

- Supervised a small team responsible for packing and dispatching stationery orders
- Ensured accuracy and quality control of items and quantities prior to dispatch
- Completed associated administrative tasks, including documentation and picking records

EDUCATION

UNIVERSITY OF WESTERN AUSTRALIA

Bachelor of Advanced Computer Science (Honours)

Major in Artificial Intelligence; Minor in Data Science

Cumulative GPA: 6.5; WAM: 81

Relevant Coursework: Data Analysis, Software Engineering; Operating Systems; Algorithms; Artificial Intelligence

Nedlands, WA

Expected Nov 2026

DUNCRAIG SENIOR HIGH SCHOOL

Western Australia Certificate of Education

ATAR: 98.7

Subjects Completed: Mathematics Methods & Specialist, Physics, Chemistry, Computer Science, English

Duncraig, WA

Jan 2017 – Nov 2022

UNIVERSITY PROJECTS

MEDIA TRACKING APPLICATION

Feb 2024

- Developed a web-based application to track watched TV shows and media content
- Implemented features to record viewing progress and manage media records accurately
- Focused on clean design, usability, and reliable data handling

OPERATING SYSTEM EMULATION PROJECT

Jul 2023

- Designed and implemented a low-level operating system emulator, simulating core OS components including process scheduling, memory management, and system calls
- Developed abstractions for CPU execution, virtual memory, and I/O handling to replicate operating system behaviour in a controlled environment
- Analysed system performance and correctness through testing of concurrency, resource allocation, and fault-handling mechanisms

ACTIVITIES

UWA UNIMENTOR PROGRAM

UniMentor

Nedlands, WA

Feb 2026 – Jun 2026

- Selected to mentor first-year students, providing guidance on study planning, university systems, and transitioning into university life
- Will act as a point of contact for academic and general support, helping students navigate challenges and access resources

COMPETITIVE PROGRAMMING SOCIETY

Committee Member

Nedlands, WA

Jan 2023 – Jan 2025

- Participated in coding competitions, solving algorithmic and logic-based problems under time constraints
- Developed strong problem-solving, analytical thinking, and coding skills in Python, C, and Java
- Collaborated and discussed solutions with peers to improve efficiency and coding techniques

ADDITIONAL

Technical Skills:

- Programming & Development: Python, R, C, Java, JavaScript, HTML/CSS, FastAPI, SQLite
- Web & Application Development: Front-end development, back-end APIs, database integration, Git/version control, AWS
- Data & Analysis: SQL, data cleaning, data transformation, statistical analysis, data visualisation, synthetic datasets
- IT & Systems Management: IT system setup and support, hardware troubleshooting, software deployment, SharePoint, DevOps, MYOB
- Productivity & Office Tools: Microsoft Office (Word, Excel, PowerPoint, Outlook), website maintenance, documentation, workflow organisation

Languages:

- English (fluent, first language)
- Mandarin (fluent)
- Japanese (basic, JLPT N5)
